Buses over 20 min. late:	\$50.00
Buses over 45 min. late:	\$100.00

- B. In all cases, buses will complete a bus route despite the lateness and despite the penalty clauses invoked.
- C. In all cases where the Contractor anticipates delays or the missing of routes because of the circumstances beyond the Contractor's control, the Contractor shall notify the Park District of said situation immediately upon becoming aware of it. Failure to so notify the Park District shall make the Contractor liable to penalty clauses herein delineated.
- D. The penalties shall be invoked on all runs made by any of the Contractor's school buses for the Park District.
- E. Penalties shall be deducted from the monthly billings.
- F. Repeated violations of the time schedules shall be sufficient cause for the Park District to invoke the Breach of Contract section.

6. Payment:

The billing should also delineate all deductions related to the implementation of the penalty clause. Penalty clause deductions will appear on the billing for the subsequent month's service, thereby being deferred for a thirty (30) day period. However, the final bill from the Contractor to each District shall include all penalty clause deductions not included previously. It shall be the responsibility of the Park District to review the billings and to advise the Contractor if penalty clauses are incorrectly reported. If an objection is not made to a penalty billing within thirty (30) days of billing, the Park District forfeits its right to request said penalty deduction.

7. Rules:

- A. The Park District shall have the authority to establish rules covering the performance of drivers and the conduct of campers. The failure of any driver assigned to the performance of this agreement to obey and enforce all rules established by the Park District with respect to the transportation of campers by bus shall be sufficient reason for the removal of such driver from the performance of this agreement upon the request of any Park District appointed representative.

8. Observance of Laws:

10. Indemnification:

- A. The Contractor is responsible for and shall hold harmless, indemnify and defend the Park District, its agents, its employees, and Park District Board members from and against any and all loss, damage, injury, liability and claims or expenses by reason of any loss, personal injury, death or other damage that may be done to or suffered by any person, including employees of the Contractor, or the Park District, arising in connection with the operations to be carried on by the Contractor.
- B. The Contractor agrees to save, keep, hold harmless, and fully indemnify and defend the Park District, its Board, Officers or agents of the Park District from all damages or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for an infringement of the patent rights, copyright, or trademark of any person or persons in consequence of the use in performance of this contract of any article of which the Contractor is not the patentee or assignee or has not the lawful right to use.

11. Commercial General and Umbrella Liability Insurance:

Bus company shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$2,000,000 each occurrence. If such CGL insurance contains a general aggregate limit, it shall apply separately.

operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

The District shall be included as an additional insured under the CGL, using ISO additional insured endorsement CG 20 26 or substitute providing equivalent coverage, and under the commercial umbrella if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance afforded to the District.

A. Business Auto and Umbrella Liability Insurance

Bus Company shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$5,000,000 each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos.

B. Workers Compensation Insurance

Bus Company shall maintain workers' compensation and employee liability insurance. The commercial umbrella and/or employers' liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

If the District has not been included as an insured under the CGL using ISO additional insured endorsement CG 20 26 under the Commercial General and Umbrella Liability Insurance required, the Bus company waves all rights against the District and its officers, officials, employees, volunteers and agents for recovery of damages arising out of or incident to the Bus Company's work.

C. Evidence of Insurance

Prior to beginning work, the Bus Company shall furnish the District with a certificate(s) of insurance and applicable policy endorsement(s) executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above.

All certificates shall provide for 30 days' written notice to the District prior to the cancellation or material change of any insurance referred to therein. Written notice to the District shall be certified mail, return receipt requested.

Failure of the District to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of the District to identify a deficiency from evidence that is provided shall not be construed as a waiver of the Bus Company's obligation to maintain such insurance.

For insurance companies which obtain a rating from A.M. Best - that rating should be no less than A VII using the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A VII or a Best's rating is not obtained, the District has the right to reject insurance written by an insurer it deems unacceptable.

12. Force Majeure:

- A. The parties to the proposal understand that under certain circumstances the contractor may be unable to perform in the customary manner due to an act of God, fire, strike, loss of transportation facilities, lock out, or commandeering of materials, products, plants, or facilities by the Government.

In the event that service is interrupted for more than twenty-four (24) hours for any of the above reasons or any other event which prevents the Contractor from furnishing service, the Park District shall have the right to secure and substitute other transportation service. The Contractor agrees to pay the difference between his charges and the charges of the substitute bus company.

13. Reassignment:

- A. The Bus Company shall not reassign or sell any rights to this contract to another party or parties without prior written approval from the Park District. Such action without approval shall invalidate this contract.

14. Breach of Contract:

- A. If the Company shall violate, breach or fail to perform any of the terms or conditions herein contained, including the provisions of the statutes, rules and regulations referred to above, the contract shall, at the option of the Park District, be void and the Park District shall be entitled to damages, including attorney fees, resulting from said breach or failure on the part of the Company. The partial or total failure of the Company to perform its services as a result of extreme weather conditions, impassable roads or acts of God shall not be judged a breach of the proposed contract. However, the Company shall not be paid for any lack of total performance. If terminated, said termination shall be effective on the date stipulated by the Park District but shall not be less than five (5) days after receipt of written notice by the Contractor.
- B. If, in the opinion of the Park District, minor contract violations and/or non-performance problems occur, the District shall be entitled to damages including, but not limited to, attorney fees incurred in enforcing or correcting such breach.
