Each Bidder shall visit the site(s) of the proposed Work and fully acquaint itself with conditions, as they exist, and shall undertake such additional inquiry and investigation, as the Bidder shall deem necessary so that the Bidder may fully understand the requirements, facilities, possible difficulties and restrictions attending the execution of the Work under the Contract. Bidder shall thoroughly examine and be familiar with all of the Bid Documents including, but not limited to, the Drawings and the written Specifications. Any conflicts or discrepancies found between or among Bid Documents including, but not limited to, the Drawings and written Specifications and the site conditions, or any errors, omissions or ambiguities in the Drawings or written Specifications shall be immediately reported to the Park District and written clarification requested prior to submission of a bid.

The failure or omission of any Bidder to obtain, receive or examine any form, instrument, or information or to visit the Project site(s), and become knowledgeable with respect to conditions there existing, or to seek needed clarification shall in no way relieve any Bidder from any obligations with respect to its bid. By submitting a bid, the Bidder agrees, represents and warrants that it has undertaken such investigation as he deemed necessary, has examined the site(s)

and the Bid Documents, has obtained all needed clarifications and where the Bid Documents indicate in any part of the Work, that a given result be produced, that the Bid Documents are adequate and the required result can be produced as indicated in the Specifications and Drawing(s). Once the award has been made, failure to have undertaken and completed the foregoing tasks shall not be cause to alter the original Contract or to request additional compensation.

4. INTERPRETATIONS

All questions about the Specifications or Contract Documents shall be submitted in writing to Patrick McAnaney, pmcananey@hfparks.com, fax (708) 957-8574, no later than five (5) days prior to the opening of bids.

The Park District shall in all cases determine the amount or quantity of the several kinds of Work which are to be paid for under this Contract, and shall decide all questions which may arise relative to the execution of the Contract on the part of the Contractor, and all estimates and decisions shall be final and conclusive. The Park District shall have the right to make alterations in the lines, grades, plans, forms, or dimensions of the Work herein contemplated either before or after the commencement of the Work. If such alterations diminish the quantity of the Work to be done, they shall not constitute a claim for damage or for anticipated profits on the work dispensed with, or if they increase the amount of Work, such increase shall be paid according to the quantity actually done and at the price or prices stipulated for such Work in the Contract. The Park District reserves the right to approve, an equal to or superior to product or equipment required under the Specifications, or to reject as not being and equal to or superior to the product or equipment required under the Specifications. If the Bidder is in doubt as to the interpretation of any part of the Bid Documents, or finds errors, discrepancies or omissions from any part of the Contract Documents, the Bidder must submit a written request for interpretation thereof not later than five (5) days prior to opening of bids to the Park District. If an error or omission is discovered in the Bid Documents after the bid opening, the Park District reserves the right: i) to determine whether to require the submission of new bids; or ii) if the error or omission is of such a nature that it was reasonably discoverable upon a careful review of the Bid Documents, to award the Contract to the lowest responsive and responsible Bidder as determined by the Park District and to require that Contractor to perform the Work in accordance with an issued correction by the Park District and for the amount bid by the Contractor. Such decisions are final and not subject to recourse. Errors and omissions made by the Bidder cannot be corrected after the bid opening.

5. ADDENDA

Any interpretation, correction to, or addition to the Bid Documents will be made by written Addendum and will be delivered to each prime Bidder of record. The written Addenda constitute the only interpretations of the Bid Documents; the Park District accepts no responsibility for any other claimed interpretations or communications.

It is the responsibility of each Bidder to verify that the Bidder has received all Addenda prior to submitting a bid. It is also the responsibility of each Bidder to verify that all subcontractors and material suppliers whose prices are incorporated in the Bidder's bid are familiar with the Bid Documents in their entirety, including all Addenda issued up to the time of bid opening.

In the event a conflict or omission is discovered in the Bid Documents after the issuing of the last Addendum such that an interpretation cannot be issued by the Park District prior to bidding, the Bidder is directed to estimate on and provide the quantity and quality of material and labor consistent with the overall represented and indicated Work so as to provide all materials, equipment, labor, and services necessary for the completion of the Work in accordance with the Bid Documents.

6. SUBSTITUTIONS DURING BIDDING

Unless otherwise indicated, the use of brand names in the Specifications are used for the purpose of establishing a grade or quality. Bidders proposing to use an alternate that is equal to or superior to in every respect the product or material required by the Specifications must request approval in writing to the Park District at least seven (7) business days prior to the bid opening and mark the item as 'or approved equal'.

Additionally, Bidders requesting approval for use of an alternate must provide certification by the manufacturer that the substitute proposed is equal to or superior in every respect to that required by the Contract Documents, and that its in-place performance will be equal to or superior to the product or equipment specified in the application indicated. The Bidder, in submitting the request for substitution, waives the right to additional payment or an extension of Contract Time because of the failure of the substitute to perform as represented in the request for substitution.

The Park District may request additional information or documentation necessary for evaluation of the request for substitution. The Park District will notify all Bidders of acceptance of the proposed substitute by means of an Addendum to the Bid Documents. Park District's approval of a substitute during bidding does not relieve the Contractor of the responsibility to submit required shop drawings and to comply with all other requirements of the Contract Documents, including but not limited to proper performance of all components of the Work and suitability for the uses specified.

Bids proposing alternates not previously approved by the Park District will be considered non-responsive and rejected. The Park District reserves the right to determine whether a substituted selection, in its judgment, is equal to or better quality and therefore an acceptable alternate. Such decisions are final and not subject to recourse.

7. MODIFICATION OR WITHDRAWAL OF BIDS

Bidders may withdraw or cancel their bids at any time prior to the advertised bid opening time by signing and submitting a request for said withdrawal. After the bid opening time, no bid shall be withdrawn or canceled for a period of sixty (60) calendar days.

8. REQUIREMENTS OF BIDDERS

Bidders must be able to demonstrate that they: 1) have experience in performing and have successfully performed and are still actively engaged in performing work similar in kind and scope to the Work of the Project; and 2) are able to show that they have adequate laborers and materials to successfully complete the Work as indicated in the Bid Documents and within the time required by the Bid Documents. The Contractor shall not have been debarred or determined ineligible for public contracts by any governmental agency.

The following information must be attached to the bid proposal. Failure to do so may result in disqualification of the Bidder.

- A. On a separate sheet, list all projects your organization has in progress, giving the name of the project, project description, project address, owner and telephone number, architect or engineer, if any, and telephone number, contract amount, percent complete, and scheduled completion date.
- B. On the Bidder's Reference List form provided herein, list at least three (3) projects your organization has completed in the past five (5) years, which are comparable in scope, giving the name of the project, project description, project address, owner and telephone number.
- C. On the List of Subcontractors form provided herein, provide a list of anticipated subcontractors, if any, including their firm names, addresses and telephone numbers. All subcontractors to be used shall be approved by the Owner. If the Contractor subcontracts any part of the Work for this project, the Contractor shall not under any circumstances be relieved of its liabilities and obligations; any subcontractor for this project will be recognized only in the capacity of an employee of the Contractor.
- D. On a separate sheet, list all administrative proceedings and litigation filed by or against Bidder in the past five (5) years, including the name and case number, name/jurisdiction of the court or administrative agency, and a summary of each claim/case, including current status and if no longer pending, the disposition. The foregoing includes but is not limited to information regarding any proceedings and actions taken by any governmental agency to debar or disqualify the Bidder from bidding on public contracts, including the name of the agency initiating the proceeding/action, the nature of the proceeding/action, the claimed basis for the proceeding/action and the current status or disposition of the proceeding/action.
- E. Other required submittals include: Bid Form; Contractor's Compliance and Certification Attachment/ Substance Abuse Prevention Program Certification. **Failure of a Bidder to complete/submit these documents may be the basis for immediate rejection of that Bidder's bid.**
- F. The Park District reserves the right to require additional information from any Bidder to verify the Bidder's qualifications and financial status and to withhold formal signing of the Contract until such information is received.

9. ACCEPTANCE OR REJECTION OF BIDS

The Park District may accept the bid of, and award the contract for the Work to, the lowest responsive and responsible Bidder as determined by and in the sole discretion of the Park District.

The Owner reserves the right to (1) reject all bids; (2) reject only certain bids which are non-conforming or non-responsive to the bid requirements; (3) accept only a portion, part or specific items of Work of all and reject others, as the Owner shall in its sole discretion determine to be in its best interest; and/or (4) award the Contract to the responsible Bidder submitting the lowest bid responsive to the bidding requirements. No bid will be accepted from or Contract awarded to any person, firm or corporation that is in arrears or is in default to the Park District upon any debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to said Park District or that has failed to perform faithfully any previous contract with the Park District.

In the event of a rejection of a portion, part, or certain items of Work of all bids, the bid of each Bidder shall automatically be deemed reduced by the amount of such rejected part or item at the unit price or other cost designated therefore by that Bidder on its submitted Contractor Bid Form. The successful Bidder so selected may not

refuse to enter into a Contract with the Owner on the basis that the Owner awarded a Contract for less than all portions or items of the Work specified in the Bid Documents. The Homewood-Flossmoor Park District Board of Park Commissioners reserves the right to waive any technicalities or irregularities, and to disregard any informality on the bids and bidding, when in its opinion the best interest of the Park District will be served by such actions and in accordance with applicable law.

10. SURETY

All bids must be accompanied by a bid bond or bank cashier's check payable to the Homewood-Flossmoor Park District for ten percent (10%) of the amount of the bid and drawn on a responsive and responsible bank doing business in the United States. All bids not accompanied by a bid security, when required, will be rejected.

The bid security of all except the three (3) lowest responsive and responsible Bidders will be returned after the decision to accept or reject bids by the Homewood-Flossmoor Park District Board of Park Commissioners. The bid security of the three (3) lowest responsive and responsible Bidders will be returned after acceptance by the Park District of an acceptable Performance Bond, Labor and Materials/Payment Bond and a certificate of insurance naming the Homewood-Flossmoor Park District as the certificate holder and as additional insured from successful Bidder, and the successful Bidder has executed and returned to the Park District the Contract for the Work presented by the Park District.

Prior to beginning Work, the successful Bidder shall furnish a Performance Bond, and Labor and Materials/Payment Bond in the amount of 110% of the Contract Sum, using a form similar to the AIA-A312-2010 form, or its current equivalent, or one acceptable to Owner, cosigned by a surety company licensed to conduct business in the State of Illinois and with at least an "A" rating and a financial rating of at least "X" in the latest edition of the Best Insurance Guide. Said bond shall guarantee the faithful performance of the Work in accordance with the Contract, the payment of all indebtedness incurred for labor and materials, and guarantee correction of Work. The cost of each bond shall be included in the Contract Sum. The Bidder and all Subcontractors shall name the Park District as an obligee on all bonds. Said bonds shall meet the requirements of the Illinois Public Construction Bond Act, 30 ILCS 550/0.01 *et seq.*, as amended. Bidder shall include in its Performance Bond and Labor and Material Payment Bond such language as shall guarantee the faithful performance of the Prevailing Wage Act as required in these Bid Documents.

The Performance Bond and Labor and Material Payment Bond will become a part of the Contract. The failure of the successful Bidder to enter into the Contract and supply the required bonds and evidence of insurance within ten (10) days after the Contract is presented for signature, or within such extended period as the Park District may grant, shall constitute a default, and the Park District may either award the Contract to the next responsible Bidder, or re-advertise for bids. In the event of a default, the Owner need not return the defaulting Bidder's bid surety and may charge against the defaulting Bidder for the full difference between the amount for the bid and the amount for which a Contract for the Work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the defaulting Bidder's bid surety, provided that the District's retention of the bid guarantee shall not preclude the District from holding the Bidder fully liable for any and all damages which are in excess of said partial liquidated damages, and which shall otherwise be incurred by the District, including reasonable attorneys' fees, arising from the Bidder's failure to enter into said Contract and to deliver the same back to the District within said ten (10) day period.

11. AWARD OF CONTRACT

Owner will award the Contract to the lowest most responsible and responsive Bidder, as determined by Owner. In considering the Bidder's responsibility, the Owner may evaluate, among other factors, the ability of the Bidder to provide experienced labor sufficient in numbers to timely and properly complete the services, conformity with the Specifications, serviceability, quality, and the financial capability of the Bidder, and the performance of the Bidder on other projects.

The Owner shall have the right to accept Alternates in any order or combination, and to determine the low Bidder on the basis of the sum of the Base Bid and Alternates accepted. Bids will be awarded to one Bidder for the entire Project or to any combination of Bidders for an appropriate proportion(s) of the Project.

The acceptance of a bid will be by a Notice of Award, signed by a duly authorized representative of the Park District; no other act by the Park District shall constitute the acceptance of a bid. The acceptance of a bid by the Park District shall bind the successful Bidder to execute and perform the Work of the Contract. The successful Bidder to whom the Contract is awarded by the Park District shall sign and deliver to the Park District for execution by the Park District all required copies of the Contract, along with all required insurance and surety documents within ten (10) days after presentation to the Bidder of the Contract for signature. In case the Bidder shall fail or neglect to do so, he will be considered as having abandoned the Contract, and as being in default to the Owner. The Owner may thereupon re-advertise or otherwise award said Contract and forfeit the Bid Security.

The Invitation to Bid, Instructions to Bidders, General Conditions, Special Conditions, if any, Drawings, Specifications, Contractor Bid Form, Addenda, if any, and the Contractors Compliance and Certifications Attachment, and Substance Abuse Certification and the Prevailing Wage Determination and Supersedes Notice comprise the Bid Documents. The Bid Documents, together with the Agreement Between Owner and Contractor for Pavement Patching, Sealcoating and

Striping substantially in the same form included in these Bid Documents, the Performance Bond and Labor Material Payment Bond and proof of insurance comprise the Contract Documents.

5. INSURANCE

BIDDER'S ATTENTION IS DIRECTED TO THE INSURANCE REQUIREMENTS BELOW. IT IS HIGHLY RECOMMENDED THAT THE BIDDER CONFER WITH ITS INSURANCE CARRIER REGARDING THESE REQUIREMENTS. FAILURE TO MEET THESE REQUIREMENTS IS CAUSE FOR CANCELLATION OF THE CONTRACT.

The successful Bidder shall obtain insurance of the types and in the amounts listed below.

a. Commercial General and Umbrella Liability Insurance

The successful Bidder shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$2,000,000 each occurrence and not less than \$2,000,000 in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately to this Project/location. The District, its elected and appointed officials, employees, and agents shall be included as an additional named insured under the CGL, using ISO additional insured endorsement CG 20 26 or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance afforded to District. Any insurance or self-insurance maintained by the District shall be deemed excess of such bidder's insurance and shall not contribute with it.

If the Contractor maintains higher limits than the minimums shown above, the Park District requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Park District.

b. Continuing Completed Operations Liability Insurance

Contractor shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella liability insurance with a limit of not less than \$2,000,000 each occurrence for at least three years following Substantial Completion of the Work.

Continuing CGL insurance shall be written on ISO occurrence form CG 00 01 04 13, or substitute form providing equivalent coverage, and shall, at minimum, cover liability arising from products-completed operations and liability assumed under an insured contract.

Continuing CGL insurance shall have a products-completed operations aggregate of at least two times its each occurrence limit.

Continuing commercial umbrella coverage, if any, shall include liability coverage for damage to the insured's completed work equivalent to that provided under ISO form CG 00 01.

c. Business Auto and Umbrella Liability Insurance

The successful Bidder shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos.

Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

d. Workers Compensation Insurance

The successful Bidder shall maintain workers compensation and employers liability insurance. The commercial umbrella and/or employers liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

Such Bidder waives all rights against District and its officers, officials, employees, volunteers and agents for recovery of damages arising out of or incident to such Bidder's activities.

e. General Insurance Provisions

i. Evidence of Insurance: The successful Bidder shall furnish the District with a certificate(s) of insurance and applicable policy endorsement(s), executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above.

All certificates shall provide for 30 days' written notice to the District prior to the cancellation or material change of any insurance referred to therein. Written notice to the District shall be by certified mail, return receipt requested.

Failure of the District to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements, or failure of the District to identify a coverage deficiency from evidence that is

provided, shall not be construed as a waiver of such Bidder's obligation to maintain such insurance.

The District shall have the right, but not the obligation, of prohibiting such Bidder from entering the premises until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by District.

Failure to maintain the required insurance may result in termination of the Contract entered by the parties at the District's option.

Bidder shall provide certified copies of all insurance policies required above within 10 days of the District's written request for said copies. With respect to insurance maintained after final payment in compliance with a requirement above, an additional certificate(s) evidencing such coverage shall be promptly provided to the District upon request.

ii. Acceptability of Insurers: All insurance companies shall maintain a rating no less than A-VII from A.M. Best, based on the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A-VII or a Best's rating is not obtained, the District has the right to reject insurance written by an insurer it deems unacceptable.

iii. Cross-Liability Coverage: If Contractor's liability policies do not contain the standard ISO separation of insured's' provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

iv. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to the District. At the option of the District, the successful Bidder may be asked to eliminate such deductibles or self-insured retentions as respects the District, its officers, officials, employees, volunteers and agents, or such Bidder may be required to procure a bond guaranteeing payment of losses and other related costs, including, but not limited to, investigations, claims administration and defense expenses.

f. Subcontractors

Contractor shall cause each subcontractor employed by Contractor to purchase and maintain insurance of the type specified above. When requested by the Owner, Contractor shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.

6. INDEMNIFICATION

To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner and its officers, officials, employees, and agents from and against all claims, damages, losses and expenses including but not limited to legal fees (attorney's and paralegals' fees and court costs), arising out of or resulting from the performance of the Contractor's work, provided that any such claim, damage, loss or expense (i) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property, other than the work itself, including the loss of use resulting therefrom and (ii) is caused in whole or in part by any wrongful or negligent act or omission of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Paragraph. Contractor shall similarly protect, indemnify and hold and save harmless the Owner, its officers, officials, employees, volunteers and agents against and from any and all claims, costs, causes, actions and expenses including but not limited to legal fees, incurred by reason of Contractor's breach of any of its obligations under, or Contractor's default of, any provision of the Contract.

Nothing contained herein shall be construed as prohibiting the District, its officers, employees or agents from defending, through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, proceedings or actions brought against them. The District's participation in its defense shall not remove the successful Bidder's duty to indemnify, defend and hold the District harmless as set forth herein.

Areas that have been subjected to fuel and oil spillage shall be wire brushed or scraped to remove any excess dirt and grease accumulations. The area shall then be primed with an acrylic copolymer latex such as Tarloc to provide proper bonding on the sealcoat. Immediately before application of sealer, clean the surface of all loose dust, dirt, leaves and any other foreign materials by sweeping, blowing, flushing with water or the combination of the three.

PREPARATION OF THE TAR EMULSION

1. Required coal tar emulsion mixture ratio:
 - a. Coal tar emulsion 100 gallons
 - b. Water 35 gallons
 - c. Latex additive 3 gallons

Contractor shall keep all documents and information related to the Project confidential and, except as required by law, shall not disclose such documents or information to any person or other party except the employees of Contractor and its subcontractors who need such documents or information to perform the Work and complete the Project.

b. Contractor shall confine all equipment, the storage of materials and the operations of its workers, to limits indicated by law, ordinances, permits, or directions of the Park District and shall not unreasonably encumber the project site with such materials. The project site shall not be utilized for the storage of vehicles, materials, equipment, or fixtures not intended for the Work to be performed.

c. Contractor shall notify all utility companies, public and private, as necessary in advance of commencing performance of the Work. The responsibility for moving water lines, gas lines, wire lines, service connections, water and gas meter boxes, water and gas valve boxes, light standards, cable ways, signals and all other utility appurtenances which are within the limits of the proposed construction will be assumed by the Contractor, at no additional compensation. The Contractor shall verify the location of all utilities prior to the start of construction and shall be responsible for the preservation of existing utility installation and the cost of providing precautionary supports, braces, or other equipment to insure against damage to said utility installation. The cost to repair and replace any new or existing utilities damaged will be paid for by the Contractor.

d. If Contractor uncovers or discovers any concealed condition differing materially from conditions depicted in the Contract Documents or differing from conditions reasonably anticipated or inherent in the Work, Contractor shall immediately stop the Work and notify the Park District of the condition in writing. The Park District shall then issue directions. The contract time and Contract Sum shall be equitably adjusted if necessitated by such directions of the Park District.

5. Contract Sum. The Park District agrees to pay Contractor for the proper and timely performance of the Work in strict accordance with the Contract Documents the following amount: _____ and no/100 Dollars (\$_____) (the "Contract Sum").

6. Payment. Payment of the Contract Sum shall be made by the Park District to the Contractor in accordance with the Local Government Prompt Payment Act, 50 ILCS 505/1 *et seq.* Progress payments will be made upon the Park District's receipt of an invoice itemizing the Work properly performed, as determined by the Park District, for the period covered by the invoice, and delivery of lien waivers and sworn statements in accordance with Section 7 below. Progress payments shall be made as a percentage of the Contract Sum which is equal to the percentage of completion of the Work, less retention of ten percent (10%) final completion of the Work.

Final payment shall not become due until Contractor has fully performed the Work in accordance with the Contract Documents, including but not limited to correction of any defective Work, and delivery of all required documentation in accordance with Section 7 below. Acceptance of final payment by the Contractor, a subcontractor or material supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of the application for final payment. Final payment by the Park District shall not relieve Contractor of the responsibility for the correction of any and all defects in the Work performed. Contractor shall correct all defects as notified for the applicable warranty period after final payment.

7. Waiver of Liens. Prior to the payment of the Work, Contractor shall provide: a) for any payment other than final payment for the Work, a partial waiver of lien from Contractor and each sub-supplier and subcontractor reflecting any partial payouts, and for final payment, a final waiver of lien from Contractor and each sub-supplier and sub-contractor for the full amount of each subcontract for the Work, showing all materials and labor have been paid in full; and b) sworn affidavit, in triplicate, containing such information and in such form to comply with the Illinois Mechanics Lien Act (770 ILCS 60/23), showing in detail the sources of all labor and materials used in the Work, including the names and addresses of sub-suppliers and subcontractors and showing amounts paid for each.

Contractor for itself and for all its sub-suppliers and subcontractors, agrees that no mechanic's lien or other claim shall be filed or maintained by Contractor or by any sub-supplier, subcontractor, laborer or any other person, whatsoever, against the Park District's funds for or on account of any Work furnished under this Agreement. If at any time a mechanic's lien or other claim shall be filed, then Contractor shall promptly discharge, remove or otherwise dispose of such lien and, in the event Contractor fails to do, the Park District shall have the right to retain, out of any payment due or thereafter to become due to Contractor, an amount sufficient to completely indemnify the Park District against such lien or claim, including any reasonable attorneys' fees that have been or may be incurred by the Park District. If a lien remains unsatisfied after final payment is made, Contractor shall indemnify the Park District for all costs, expenses, and attorneys' fees incurred in the resolution of such lien. Notwithstanding the foregoing, the Park District may, at its sole option, issue joint checks to the Contractor and to any subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Park District makes payments by joint check, the Contractor shall reflect such payment on its next application for payment.

8. Changes in the Work.

a. By appropriate modification, changes in the Work may be accomplished after execution of the Agreement. The Park District may order changes in the Work within the general scope of the Agreement consisting of additions, deletions, or other revisions, with the Contract Sum and contract time being adjusted accordingly. Such changes in the Work shall be authorized by written change order signed by the Park District and Contractor ("Change Order"). Upon issuance of the Change Order, the Contractor shall proceed promptly with such changes in the Work, unless otherwise provided in the Change Order. Contractor shall be solely responsible for the cost of additional work and materials under any change order resulting from Contractor's negligent act or omission or failure to perform the Work in accordance with the Contract Documents.

b. No change in the Work, whether by way of alteration or addition to the Work, shall be the basis of an addition to the Contract Sum or change in the contract time unless and until such alteration or addition has been authorized by a Change Order executed and issued in accordance with and in strict compliance with the requirements of the Contract Documents and applicable law. Accordingly, no course of conduct or dealing between the Parties, nor any express or implied acceptance of alterations or additions to the Work and no claim that the Park District has been unjustly enriched shall be the basis of any claim to an increase in the Contract Sum or change in the contract time.

c. Adjustments to the Contract Sum for changes in the Work other than changes in the Work involving items for which unit prices were requested by Park District and provided in Contractor's Proposal, shall be made by either written lump sum or by time and material changes, as approved by the Park District, and as follows:

i. The combined allowance for overhead and profit for any changes in the Work shall be the following percentages: (a) five percent (5%) of the cost of the change in the Work involved if performed by the Contractor not involving subcontractors, or (b) five percent (5%) of the cost of the change in the Work involved performed by subcontractors, plus two percent (2%) of the cost of the change in the Work for the Contractor's supervision of the work performed by the subcontractors. When both additions and credits covering related Work are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

d. Overtime, if and when specifically authorized in advance in writing by the Park District shall be paid by the Park District on the basis of premium payment if any, plus the cost of insurance and taxes based on the premium payment period. No overhead or profit may be charged for overtime. The Contractor shall not be entitled to any payment for overtime necessitated by the failure of the Contractor to perform the Work in accordance with the Contract Documents including without limitation to the Contractor's failure to prosecute the Work diligently and on an uninterrupted basis and with a sufficient work force so as to achieve completion of the Work within the time and in the manner contemplated by the Contract Documents or otherwise due to the fault of the Contractor. In such instances if the Park District requires the Contractor to perform Work on an overtime basis, all costs for and associates with such overtime shall be borne by the Contractor.

9. Progress Meetings and Coordination. On a weekly basis until Final Completion, or as otherwise agreed by the Parties, the Park District and Contractor shall participate in weekly progress meetings as applicable and necessary. The Contractor shall require its subcontractors and suppliers to be present at such meetings as appropriate based on the status of ongoing and scheduled Work. The Contractor shall report on the status of the Work, and the

Parties shall discuss and attempt to resolve all requests for information, submittals, Change Order requests, and all other open items then pending.

10. Owner's Right to Correct the Work. If Contractor defaults or neglects to carry out the Work in accordance with this Agreement and fails within a seven (7) day period after receipt of written notice from the Park District to commence and continue correction of such default or neglect with diligence and promptness, the Park District may, without prejudice to other remedies the Park District may have, correct such deficiencies. In such case, the Park District shall deduct from payments then or thereafter due Contractor the cost of correcting such deficiencies, including compensation to the Park District for any and all expenses related thereto. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to the Park District.

The rights and remedies of the Park District stated in this Agreement shall be in addition to and not in limitation of, any other rights of the Park District granted at law or in equity.

11. Delays. In the event the Work is delayed due to a cause beyond the reasonable control of Contractor, including strikes, labor disputes, lockouts, fire, shortages of labor or material, inclemency of weather, accidents, casualties, pandemic outbreaks, or government orders, Contractor shall not be liable for any damages caused by such delays, shortages, or disruptions and, provided that Contractor is in compliance with all other relevant provisions of this Agreement, the contract time shall be extended for such reasonable time as the Park District may determine; provided, however, that such extension of contract time shall be net of any delays caused by or due to the fault or negligence of Contractor or which are otherwise the responsibility of Contractor and shall also be net of any contingency or "float" time allowance included in Contractor's construction schedule. Contractor shall, in the event of any occurrence likely to cause a delay, cooperate in good faith with the Park District to minimize and mitigate the impact of any such occurrence and do all things reasonable under the circumstances to achieve this goal. Any such extension of contract time pursuant to this section shall be reduced to a Change Order. Extension of contract time pursuant to this section shall be the Contractor's sole and exclusive remedy for delay.

12. Warranties. The Contractor makes the following warranties to the Park District:

- a. It will, at the date of delivery, have good title to any and all goods supplied to complete the Work, and said goods will be free and clear of any and all liens and encumbrances;
- b. Any and all goods supplied to complete the Work will be of merchantable quality;
- c. Any and all goods supplied to complete the Work will be fit for the particular use intended, will be free from defects, whether patent or latent in material or workmanship, and will be in full conformity with the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective;
- d. Contractor warrants that all material and Work provided will be in conformance with the Contract Documents and free from defects in workmanship, materials and equipment for a period of twelve (12) months or such longer period as may be specified in the Contract Documents. The warranty for the pavement patching and sealcoating materials shall be for such periods as provided by the manufacturer's warranty or in accordance with applicable law. Warranty time

periods shall commence with the date of Substantial Completion of the Work. The Contractor shall promptly repair and replace, as determined by the Park District, any defects or deficiencies at no charge to the Park District during any warranty period;

- e. Upon notice from the Park District of such defect of non-conformity, the Contractor shall promptly visit the site in the company of the Park District's representative to determine the extent of all defects or non-conformities and shall promptly repair or replace the defective or non-conforming material and Work, including all adjacent work not necessarily provided by the Contractor, but damaged as a result of such defect or non-conformity or as a result of remedying them. Defective materials, equipment or workmanship occurring within the warranty period may be repaired where such produces results conforming to the Contract Documents relating to appearance, performance and reliability. Where the nature of the defective materials, equipment or workmanship is such that acceptable results cannot be obtained by repair, such defective items shall be removed and replaced with new materials, equipment or workmanship complying with the Contract Documents. If the Contractor does not promptly repair or replace defective or non-conforming Work, the Park District may repair or replace such work and charge the cost thereof to the Contractor. Work which is repaired or replaced by the Contractor shall be inspected and accepted and shall be warranted by the Contractor to be free from defects for a period equal to twelve (12) months after the completion of the corrective Work or such longer period of time as may be prescribed by law or in equity or by the terms of any applicable special warranty. The warranties set forth herein are in addition to all warranties or guarantees expressed or implied by operation of law, statute or ordinance. Where warranties overlap, the more stringent requirement shall govern;
- f. The Contractor shall deliver all warranties received from manufacturer to the Park District prior to Final Completion, but this shall not reduce Contractor's obligations under this section.

Payment by the Park District for any Work later determined to be defective shall not relieve Contractor of its obligation to correct defective Work.

14. Correction of the Work. The Contractor shall promptly correct Work rejected by the Park District or failing to conform to the requirements of the Contract Documents, whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, the cost of repairing or replacing all adjacent work not necessarily provided by the Contractor, but damaged as a result of such defect or non-conformity or as a result of remedying them, and compensation for an architectural or engineering services and expenses made necessary thereby, shall be at the Contractor's expense. Contractor shall, within a reasonable time under the circumstances, after receipt of written notice thereof, correct, repair, replace and otherwise make good any defects or non-conformity in the Work. If the Contractor fails to correct nonconforming Work within a reasonable time, the Park District may correct it in accordance with Section 10.

15. Cleaning Up. The Contractor shall keep the project site and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of each site visit, the Contractor shall remove from and about the site waste materials, rubbish, the Contractor's tools, equipment, machinery and surplus materials. If the Contractor fails to clean up as provided herein, the Park District may do so and the cost thereof shall be charged to the Contractor.

16. Safety of Persons and Property.

- a. The Contractor shall take reasonable precautions for the health and safety of, and shall provide reasonable protection to prevent damage, injury or loss to:
 - (i). employees engaged in the Work, Park District employees and patrons and other persons who may be affected thereby; and
 - (ii). the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody or control of the Contractor or the Contractor's subcontractors or sub-subcontractors.
- b. The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.
- c. The Contractor shall promptly remedy damage and loss to Park District property or other property caused in whole or in part by the Contractor, a subcontractor, a sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible. The Park District reserves the right to restore any such property and deduct from payments then or thereafter due Contractor the cost of restoring such property, including compensation to the Park District for any and all expenses related thereto. If payments then or thereafter due Contractor are not sufficient to cover such amounts, Contractor shall pay the difference to the Park District. Should the Contractor cause damage to the work or property of any separate contractor and/or in the event of any other claim, dispute, or matter in question between the Contractor and any separate contractor on the project site, the Contractor shall promptly attempt to settle with such other contractor by agreement, or otherwise to resolve the dispute. In any event, the Contractor shall indemnify, defend, and hold harmless the Owner, its officers, officials, employees, and agents to the full extent as agreed to under Section 18 of this Agreement.

17. Insurance. The Contractor shall acquire and keep in force the following insurance coverage:

- a. **Commercial General and Umbrella Liability Insurance.** Contractor shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$2,000,000 each occurrence and not less than \$2,000,000 in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately to this project/location.

CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 01 04 13, or a substitute form providing equivalent coverage, and shall cover liability arising from premises, operations, independent contractors, smoke and fire, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

The Park District, its elected and appointed officials, employees and agents shall be included as an additional insured under the CGL, using ISO additional insured endorsement CG 20 10 or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as

primary insurance with respect to any other insurance or self-insurance afforded to the Park District. Any insurance or self-insurance maintained by the Park District shall be excess of the Contractor's insurance and shall not contribute with it.

There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from smoke, fire, pollution, explosion, collapse, or underground property damage.

If the Contractor maintains higher limits than the minimums shown above, the Park District requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Park District.

b. Continuing Completed Operations Liability Insurance. Contractor shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella liability insurance with a limit of not less than \$2,000,000 each occurrence for at least three years following completion of the Work. Continuing CGL insurance shall be written on ISO occurrence form CG 00 01 04 13, or substitute form providing equivalent coverage, and shall, at minimum, cover liability arising from products-completed operations and liability assumed under an insured contract. Continuing CGL insurance shall have a products-completed operations aggregate of at least two times its each occurrence limit. Continuing commercial umbrella coverage, if any, shall include liability coverage for damage to the insured's completed work equivalent to that provided under ISO form CG 00 01.

c. Business Auto and Umbrella Liability Insurance. Contractor shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos.

Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

d. Workers Compensation Insurance. The contractor shall maintain workers compensation as required by statute and employers liability insurance. The commercial umbrella and/or employers liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

If the Park District has not been included as an insured under the CGL using ISO additional insured endorsement CG 20 10 under the Commercial General and Umbrella Liability Insurance required in this Agreement, the Contractor shall waive subrogation and all other rights against the Park District and its officers, officials, employees, and agents for recovery of damages arising out of or incident to the Contractor's work.

e. **General Insurance Provisions**

1. Evidence of Insurance. Prior to beginning Work, Contractor shall furnish to the Park District with a certificate(s) of insurance and applicable policy endorsement(s), executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. All certificates shall provide for 30 days' written notice to the Park District prior to the cancellation or material change of any insurance referred to therein. Written notice to the Park District shall be by certified mail, return receipt requested.

Failure of the Park District to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of the Park District to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance. The Park District shall have the right, but not the obligation, of prohibiting Contractor or any subcontractor from beginning the Work until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by the Park District

Failure to maintain the required insurance may result in termination of this Agreement at the Park District's option. Contractor shall provide certified copies of all insurance policies required above within 10 days of the Park District's written request for said copies.

2. Acceptability of Insurers. For insurance companies which obtain a rating from A.M. Best, that rating should be no less than A VII using the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A VII or a Best's rating is not obtained, the Park District has the right to reject insurance written by an insurer it deems unacceptable.

3. Cross-Liability Coverage. If Contractor's liability policies do not contain the standard ISO separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

4. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to the Park District. At the option of the Park District, the Contractor may be asked to eliminate such deductibles or self-insured retentions as respects the Park District, its officers, officials, employees, and agents or required to procure a bond guaranteeing payment of losses and other related costs including but not limited to investigations, claim administration and defense expenses.

5. Subcontractors. Contractor shall cause each subcontractor employed by Contractor to purchase and maintain insurance of the type specified above. When requested by the Park District, Contractor shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.

18. Indemnification and Hold Harmless. To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Park District and its officers, officials, employees, and agents from and against all claims, damages, losses and expenses including but not limited to legal fees (attorney's and paralegals' fees and court costs), arising out of or resulting from the performance of Contractor's performance of the Work, provided that any such claim, damage, loss or expense (i) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property, other than the work itself, including the loss of use resulting there from and (ii) is caused in whole or in part by any wrongful or negligent act or omission of Contractor, any subcontractor,

anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Paragraph. Contractor shall similarly protect, indemnify, defend and hold and save harmless the Park District, its officers, officials, employees, and agents against and from any and all claims, costs, causes, actions and expenses including but not limited to legal fees, incurred by reason of Contractor's breach of any of its obligations under, or Contractor's default of, any provision of this Agreement.

Nothing contained herein shall be construed as prohibiting the District, its officers, employees or agents from defending, through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, proceedings or actions brought against them. The District's participation in its defense shall not remove the Contractor's duty to indemnify, defend and hold the District harmless as set forth herein.

The indemnification required hereunder shall not be limited by reason of the enumeration of insurance coverage herein provided. Contractor's indemnification of the Park District shall survive the termination or expiration of the Agreement.

19. Performance, Payment and Maintenance Bonds.

a. Contractor shall deposit with the Park District before commencing any work an *AIA A312-2010 Performance Bond and Payment Bond*, or an approved substitute, for 110% of the Contract Sum, guaranteeing the faithful performance of the Work in accordance with the Contract Documents, the payment of all indebtedness incurred for labor and materials, payment of the prevailing wage, and guarantee correction of Work. The surety must be approved by the Park District and be licensed to conduct business in the State of Illinois and be named in the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Federal Register by the Audit Staff Bureau of Accounts, U.S. Treasury. The payment and performance bonds shall strictly comply with the Public Construction Bond Act, 30 ILCS 550/0.01, *et seq.* and this section. Contractor and all subcontractors shall name the Park District as an obligee on all bonds.

b. Whenever Contractor shall be and is declared by the Park District to be in default under the Agreement, the surety and the Contractor are each responsible to make full payment to the Park District for any and all extra work incurred by the Park District as a result of the Contractor's default and to pay to the Park District all attorneys' fees and court costs incurred by the Park District as a result of the Contractor's default, and in protecting the Park District's rights under the Contract Documents to remedy the Contractor's default.

20. Termination.

a. The Park District may, at any time, terminate the Agreement in whole or in part for the Park District's convenience and without cause. Termination by the Park District under this section shall be by a notice of termination delivered to the Contractor specifying the extent of the termination and the effective date. Upon receipt of a notice of termination, the Contractor shall immediately, in accordance with instructions from the Park District: (1) cease operation as specified in the notice; (2) place no further orders; (3) enter into no further subcontracts for materials, labors, services or facilities except as necessary to complete continued portions of the Work; (4) terminate all subcontracts and orders to the extent they relate to the Work terminated; (5) proceed to complete the performance of Work not terminated; and, (6) take actions that may be necessary or that the Park

District may direct, for the protection and preservation of the terminated Work. The Contractor shall recover payment for approved and properly performed Work completed prior to the effective date of termination.

b. The Park District may terminate the Agreement, in whole or in part, for cause as follows:

(1) If Contractor fails to provide the Work as required in the Contract Documents, or otherwise breaches or defaults under any provision of this Agreement and does not remedy such failure, breach or default within seven (7) days after demand from the Park District to take corrective action, or in the event of repeated or multiple failures or defaults by Contractor, the Park District may immediately terminate this Agreement and enter into an agreement with another contractor or contractors to provide the Work. In such event: a) the Park District shall not pay Contractor for any portion of the Work not completed in accordance with the Contract Documents; b) the Park District shall deduct from payments due to the Contractor the cost of correcting any deficiencies in accordance with Section 10 of this Agreement; and c) Contractor shall be liable to the Park District for the increased cost to the Park District of obtaining services from the substitute contractor(s).

(2) If Contractor is adjudged as bankrupt, or if Contractor makes a general assignment for insolvency, or if any provision of the bankruptcy law is invoked by or against Contractor, then notwithstanding any other rights or remedies granted the Park District, the Park District may, without prejudice to any other right or remedy, a) immediately terminate the retention of Contractor and/or b) finish or cause to be finished the Contractor's services required under this Agreement by whatever method and by whichever persons the Park District deems expedient. In such case, Contractor shall not be entitled to receive any payment until the Work is completed. If the unpaid balance of the Contract Sum exceeds: a) the expenses of completing the Work, including compensation for additional managerial and administrative services, plus b) the Park District's losses and damages because of Contractor's default (collectively "Park District Expenses and Damages"), such excess shall be paid to Contractor. If the Park District Expenses and Damages exceed such unpaid balance, Contractor shall pay the difference to the Park District promptly on demand and the Park District may resort to any other rights or remedies the Park District may have by law or under this Agreement.

c. Upon termination of this Agreement for any reason as provided herein: (1) Contractor shall not be entitled to damages or lost profits; and (2) except as otherwise provided herein, the rights and obligations of the Parties shall cease automatically except for the rights and obligations of the Parties accruing but unsatisfied prior to termination.

21. Compliance with Laws and Permits. Contractor shall comply with all applicable local, state and federal codes, laws, ordinances, rules and regulations. Contractor shall be licensed and bonded to perform the Work hereunder and shall, at its sole cost and obligation, be responsible for obtaining all permits required to perform its duties under this Agreement. Any breach by Contractor of the foregoing laws, regulations and rules shall constitute a breach by Contractor of this Agreement. Contractor's Compliance and Certification Attachment is attached to and incorporated as **Exhibit B** to this Agreement.

22. Choice of Law and Venue. This Agreement is governed by the laws of the State of Illinois. Any suit or action arising under this Agreement shall be commenced in the Circuit Court of Cook County, Illinois, the prevailing party shall be entitled to an award of reasonable attorneys' fees and costs of litigation. Contractor acknowledges that each provision of this Agreement is important and material to the business and success of the Park District, and

agrees that any breach of any provision of this Agreement is a material breach of the Agreement and may be cause for immediate termination of this Agreement. In the event of a breach, Contractor shall also pay to the Park District all damages (including, but not limited to, compensatory, incidental, consequential, and punitive), which arise from the breach, together with interest, costs, and the Park District's reasonable attorneys' fees.

23. No Liability. The Park District is not responsible or liable for any injury, damages, loss or costs sustained or incurred by any person including, without limitation Contractor's employees, or for any damage to, destruction, theft or misappropriation of any property, relating in any way, directly or indirectly, to Contractor's Work and obligations under this Agreement. The Park District is not liable for acts or omissions of Contractor or any of Contractor's employees, subcontractor's, agents or other persons purporting to act at the direction or request, on behalf, or with the implied or actual consent, of Contractor.

24. No Third-Party Beneficiary. This Agreement is entered into solely for the benefit of the contracting Parties, and nothing in this Agreement is intended, either expressly or impliedly, to provide any right or benefit of any kind whatsoever to any person and/or entity who is not a party to this Agreement or to acknowledge, establish or impose any legal duty to any third party. Nothing herein shall be construed as an express and/or implied waiver of any common law and/or statutory immunities, defenses and/or privileges of the Park District and/or Contractor, and/or any of their respective officials, officers and/or employees.

25. No Waiver. Waiver of any of the terms of this Agreement shall not be valid unless it is in writing and signed by all Parties. The failure of claimant to enforce the provisions of this Agreement or require performance by opponent of any of the provisions, shall not be construed as a waiver of such provisions or affect the right of claimant to thereafter enforce the provisions of this Agreement. Waiver of any breach of this Agreement shall not be held to be a waiver of any other or subsequent breach of the Agreement.

26. Independent Contractor. Contractor acknowledges that it is an independent contractor; that it alone retains control of the manner of conducting its activities in furtherance of this Agreement; that it, as well as any persons or agents as it may employ, are not employees of the Park District; and that neither this Agreement, nor the administration thereof, shall operate to render or deem either Party hereto the agent or employee of the other.

27. Non-Assignment. This Agreement is non-assignable in whole or in part by the Contractor, and any assignment shall be void without prior written consent of the Park District.

28. Subcontracts. Any subcontract that Contractor enters into for the Work shall be in writing and shall specifically provide that the Park District is an intended third-party beneficiary of such subcontract and that the Park District shall have the right to enforce the subcontractor's obligations thereunder after the occurrence of a default under the Agreement by the Contractor. By appropriate written agreement, the Contractor shall require each subcontractor, to the extent of the Work to be performed by the subcontractor, to be bound to the Contractor by the terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities which the Contractor, by the Contract Documents, assumes toward the Park District.
